

International Cannabis Exhibition

Global Expo Warsaw

# Cannabi(zz)

The cannabis industry is experiencing a noticeable upswing in recent years. Helping it to continue expanding and provide all cannabis companies the best possible platform to showcase themselves and their products in the East-Central Europe countries, we will open the doors for this years European cannabis fair in Warsaw, on the last weekend of November.

The biggest cannabis event in Poland will continue the avalanche of transformations, with which we will keep changing the history of Poland and the whole East-Central Europe.

Therefore, we would like to proudly invite you to the Cannabizz. Do not miss this unique opportunity!

Our booking is already in full swing. And since we expect, again, an increase in interest and audience numbers this year, you should not hesitate and secure your place at the Cannabizz.

You will find all the information needed and packages tailored to your needs on [cannabizz.pl/en/exhibitor-registration/](http://cannabizz.pl/en/exhibitor-registration/)

# Warsaw

Warsaw is the biggest city in East-Central Europe.

With its almost 2 million inhabitants and 1-2 million living nearby, it is the largest city in Poland.

Poland is the 8th biggest European country. With its 40 million people it is a huge market, a market which is changing and developing fast. Massive investments from local but mostly European authorities were used to construct and build a modern infrastructure.

Many of you tried to do business in Russia and experienced the difficulties and instability. Poland is the ideal bridge to conquer Russian markets. From North of Poland exports go to Scandinavian countries too.

Medical cannabis, decriminalization, recreational use and legalization, are current topics, like in all other European countries.

It is surprising but Poland was the last relevant European country without an cannabis fair. Despite conservative reputations, there are remarkable factors, like low VAT taxes on seeds and fertilizers.

## Just two hours by plane

- |           |           |         |         |

### Conference

We invite all visitors to the accompanying conference of the Cannabizz fair. The conference will be divided into three main thematic blocks:

- the possibilities of industrial use of hemp
- medical cannabis use
- the social aspect

We welcome all visitors, interested in learning more about the various aspects of cannabis use.

On the conference we will appeal to research, experience and legal aspects of cannabis use of scientist, experts, politicians and of course, cannabis patients.

# Global Expo Warsaw

The expo will take place in modern building known for expos and public markets. Its over 10000m2 floor space and side facilities are promising enough space for a nice and successful show.

The professional team behind Canabizz, consisting of experienced Exhibition planners (with over 20 years of experience), guarantees that both exhibitors and an enthusiastic audience will enjoy this event. At least as important as the expertise in trade fair planning, we also bring specific branch knowledge and an excellent reputation as a reliable service provider.

over 10.000 m<sup>2</sup>

four restrooms

parkinglot in front of the hall

The unique joint venture of Polish, Czech and German companies and experts will guarantee the coverage not only of Poland but the whole Central Europe. We are aware of the unique opportunity and our ambitions are clear: the potential is to make the make biggest European show!
